North Brook End Stud - Open Day 2009

We would like to welcome you to North Brook End Stud and our catalogue of young sports horses.

Our horses have been carefully bred from our own competition mares. We have paid particular attention to the breeding and performance of these horses and combine them with some of the best stallions that are available to us.

Our aim at North Brook End Stud is to produce what we hope are some impressive modern British bred sports horses.

We hope that you will agree.

Our Open Day aims to welcome visitors to our yard, to promote our horses and to increase awareness of the importance of supporting British Breeding.

This catalogue details each of our young horses from foals through to three year olds. All of these horses will be available to view over the weekend and can be seen both in the stable and loose.

We hope that you will have an enjoyable weekend with us viewing our horses.
